

# Bamboo Plant Number Stories

Bamboo is one of the world's fastest-growing plants. Some types of bamboo grow more than 24 inches per day and reach heights close to 100 feet! For one week a growing bamboo plant was measured. The chart below shows its height at the beginning of each day.

Bamboo Plant Growth for One Week						
Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
12 in.	26 in.	40 in.	57 in.	63 in.	80 in.	99 in.

Use the information above to solve the following number stories.

- How many inches did the bamboo plant grow from Tuesday to Friday?
- How many inches did the bamboo plant grow from Thursday to Friday?
