

# Addition with Base-10 Blocks

Fill in the unit box.

Solve each problem using base-10 blocks.

Use base-10 shorthand to show what you did.

On the lines, record the partial sums and the answer.

Unit

Block	Flat	Long	Cube
Base-10 Shorthand	□		•

Example: 
$$\begin{array}{r} 23 \\ + 46 \\ \hline \end{array}$$

|| ...  
|||| .....

Answer:  $\underline{60} + \underline{9} = \underline{69}$

1 
$$\begin{array}{r} 41 \\ + 35 \\ \hline \end{array}$$

Answer:  $\underline{\quad} + \underline{\quad} = \underline{\quad}$

2 
$$\begin{array}{r} 67 \\ + 38 \\ \hline \end{array}$$

Answer:

$\underline{\quad} + \underline{\quad} = \underline{\quad}$

3 
$$\begin{array}{r} 123 \\ + 128 \\ \hline \end{array}$$

Answer:

$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$
