

What Should My Child be Learning this Week?

Reading: Summarizing stories they are reading and noticing characters' points of view (using characters thoughts, feelings and actions in a story to understand what a character thinks about a particular topic).

Phonics: /ow/ sound

Grammar: Introducing pronouns (I, you, she, he, it, we, they, anyone, everything)

Writing: Responding to reading, using details from the story, complete sentences, proper punctuation and correct spelling of high frequency words and words written in the story.

Math: Understanding number stories. We want students to go beyond picking out the numbers and finding key words. We want them to understand what is happening and *why* they should add or subtract.

Science/Social Studies: We want students to explore, practice learning new things and observe the world around them. Have some fun with this!

This week, we would like your child to do the following assignments *independently* so that we may monitor his/her skills. Please send along a picture/PDF/Word Document of:

- Their Weekend Report, You may brainstorm ideas orally with your child, although please do not write them down.
- Lesson 6-3 Math Lesson Practice
- Lesson 6-5 Math Lesson
- Point of View Graphic Organizer
- U 5 W 1 Summarize A
- Grammar Unit 5 Week 1 Friday
- Any pictures, videos or work that make you especially proud.

These assignments are due by Friday, but we appreciate them being forwarded as soon as they are complete.
